- 1. The Labor Camp for Juveniles at Jaworzno is located along the highway connecting Jaworzno with Stalinogrod (Katowice).
- 2. In the camp juveniles between 16 and 21 years of age are imprisoned, mostly for political reasons (so-called faszysci i zdraje), and for fights, thefts or abandonment of work (so-called bumelanctwo i huliganstwo). The sentences amount to four to ten years of imprisonment. Approximately 3000 juveniles are imprisoned at this camp.
- 3. The camp is guarded by a detachment of prison-guards, approximately 300 men, and KBW (Internal Security Corps) patrols control the external part of the camp. The prison -guards are armed with machine-guns, towny guns and M.44 carbines of Soviet origin.
- 4. The following is a legend to the attached sketch:
  - 1. and la. Three-story concrete building, 8 x 30 x 12 meters: offices, telephone exchange, guardroom.
  - Three-story concrete building, 10 x 15 x 12 meters: school, where the prisoners are taught to become mechanics and turners.
  - Three-story concrete building, 8 x 20 x 10 meters: officials' quarters; here
    the CO of the prison, Kruppa, is accommodated.
  - 4. Two-story concrete building, 4 x 20 x 6 meters: UB office, camp radio (radio-wezel), guardroom where the prisoners are controlled when going to or returning from work.
  - Chimney of the boiler room; diameter 1.5 meters, height, approximately 15 meters.
